

My aim is to teach dog owners how to see the world from their dog's point of view and to understand how the dog's mind works. The more you learn about dog psychology, the better you will be able to connect, train and enjoy your canine companion.

I will teach you how to gain the respect of the dog that he would naturally give to his pack leader in the wild. Dogs need a calm, assertive and confident pack leader who will make all the rules and set all the boundaries.

Teaching people to understand that their dog is not a four-legged human in a fur onesie, and that it does not have any human emotions is the hard part of what I do.

Obedience training is the fun part!

## Happy Dog Owner - Quotes

"As new puppy owners we wanted to learn how to raise a confidence,  
social and happy dog that knows its place in the pack!

Sindy's ability to engage and teach through 30+ years experience with dogs speaks for itself.  
We can't recommend this class enough and will definitely be back if we need any further assistance  
with future problem behaviours/training"

Dan & Harriet

"Thanks so much for the very helpful training for our young dog. We are finding great  
improvements with walking, reducing barking at visitors, and basic commands.

Many thanks for your help and expertise. We enjoyed the class".

Sherrell

"Thank you so much for your time yesterday, honestly it was invaluable as always and we've  
already seen huge changes"

Rachel

"Thanks so much Sindy, before we came to puppy class my poor Coco had no socialisation with  
other dogs. After 5 weeks she's grown so much in confidence but most importantly

I now see her differently and love her even more because of the training you've given.

I have more confidence and 100 percent now understand the "why" behind the training techniques  
I will sure to be in touch in the near future and will recommend your classes to all our friends.

Ave and Coco

"The class last week was amazing! We thoroughly enjoyed learning about pack leadership and  
getting into the mind of Zola. I thought I knew about puppy training but it turns out I was very  
much mistaken!!"

Melissa

"Loving your classes, style and your energy!"

Billy, Adam & Chris

"We absolutely loved the class"

Dylan

"Thank you Sindy for your wisdom. You've quite simply changed our life.  
We were seriously regretting getting a puppy but after one evening with you our experience has  
been transformed. We are very grateful. Thank you so much, your tools are a game changer".

"You have empowered and brought us hope. Bless your heart"

"I would like to say that the first session has already made a huge impact, not only on Kippa's behaviour, but also on our behaviour and stress level. Our approach to him wasn't working and as soon as we got home we tried your strategies... AMAZING"

Dom & Ian

"Thanks for last night's encyclopaedic information session! And thank you for such a great course. Jill and I have owned dogs before but not at the puppy stage so your course was invaluable"
